STYH 100 Rules Tariff

Item 0260

Proof of Delivery

Section 01

Effective 2-9-2022

When Carrier has dropped a trailer at the Consignee's location for unloading, the Consignee shall be responsible for returning the delivery receipts to Carrier within 48 hours of unloading, unless there is a written agreement extending the time period. Failure of the Consignee to return the delivery receipts within the time period shall allow Carrier to use any internal records, including manifests, trip cards, and seal records to prove delivery. Such proof of delivery shall result in Carrier being absolved of any cargo claims for the shipments tendered to the Consignee on the trailer that was dropped.
