Item 2280

Reconsignment or Return of LTL - Before Loaded for Delivery

Section 01

Effective 3-14-2022

LTL shipments may be reconsigned or returned at point of origin or destination terminal, prior to being loaded onto a trailer for delivery, subject to the following:

There will be a \$75 administrative fee for reconsignment or returned orders. This charge will be in addition to all other applicable charges, and the request must be in writing or email:

- When the request for reconsignment or return is made by the Shipper, all charges must be prepaid or guaranteed.
- When the request for reconsignment or return is made by the original, or billed, Consignee, all charges must be paid or guaranteed by the Consignee where reconsignment or return is executed.

Reconsignment changes resulting in a change to the origin location will have a charge of \$2.50 per shipping unit in addition to the administrative fee.

Shipment Returned to Shipper: \$80.00 minimum charge or rated from our Service Center to original Shipper Location.

NOTE A: For the purposes of this item, an LTL shipment is one subject to a minimum rate of less than 1,500 cubes, or a rate named as "LTL".

NOTE B: An additional \$75 administrative fee will apply each time the Carrier is requested to amend the shipment instruction. This includes, but is not limited to, reversing a prior reconsignment to change the routing of the shipment back to the original tender instructions.

NOTE C: When a consignment or diversion order is received by the Carrier, a diligent effort will be made to locate the shipment and perform the requested change. The Carrier assumes no liability for failure of performing this change.
